Hi everyone:

Here is my draft of the template for residents and property owners for the n **Ex. 6 - Personal Privacy**  
Street residences. I have a couple questions in there that need to be answered. I'm assuming the  
easiest thing to do is attach data reports, but I think the facility and air data should be in every  
report, so we can include it in template when we get it. I wasn't having any luck using  
Sharepoint for Elena's version, as it lost my changes from last week, so I'm sending it to  
everyone, and you can send any changes to me directly and I'll try and incorporate everyone's  
comments.

Thanks!

Rusty
